Nehar ( Koldam)

# MESSAGE FROM THE DIRECTOR

Nursing profession as it is the most truly considered, is a highly honorable profession involving compassionate and dedicated care. Florence Nightingale, affectionately known as the saintly, iron-willed “lady with lamp” is a legend, her benignant presence was an influence for comport even amidst the struggle of expiring nature. Her greatest achievement was to raise nursing to the level of a respectable and highly regarded profession. Florence Nightingale fewer as an highly inspiration for nurses today. In this eve the institution imparting knowledge to the students by providing teaching by our highly qualified & experienced teachers and corporting in a highly advanced nursing education technology, The institution is aiming for overall development of the students by conducting various educational activities like seminars, workshops, conferences and educative gatherings in order to prepare globally competitive nurses to serve the human society. I am glad to say that, today the students who were graduated from our Kol Valley institute of nursing are serving at various parts of world & delivering a excellent judicative care to the human beings. The institution is encouraging nursing students to take part in various research activities related to advancement in the nursing profession.

**Anjana Thakur**  
Director, KVIN

# ABOUT KOL VALLEY INSTITUTE OF NURSING

Kol Valley Institute of Nursing (for female education) is a constituent institute of Himachal Pradesh University and is located in the midst of the serenity of nature in the beautiful district Bilaspur (Village Nehar, P.O. Harnora, Tehsil Sadar) of Himachal Pradesh, affiliated by Indian nursing council, & H.P. nurses registration council, Approved by H.P Government and affiliated by H.P. University. K.V.I.N. has been fast growing as a center of excellence in providing female education and training in Nursing. Established in 2009 with the introduction of the course of General Nursing And Midwife, the Institute now has the proud privilege of having introduced courses of four year B. Sc Nursing since 2010. Institute has made an addition to the courses and started Post Basic B.Sc Nursing from 2019. The Directorate of Medical education, Shimla has permitted for Zonal Hospital, Bilaspur to which Institute is attached for clinical field experience of students in the General and the Specialty fields. Hard work and dedication put in by the Management, devotion and enthusiasm of staff and faculty members combined with the passion and zeal of students resulted in scaling new heights by the Institute. The continuous perseverance of faculty members has contributed towards the overall development and progress of the Institute. All the departments are well furnished and fully equipped with latest and sophisticated equipments.

# Vision of KVIN

To develop better than the best professionals for the health and economic development of the country.

# Mission of KVIN

To prepare students with an integrated & technology oriented education for a better career and to be worthy citizens of a global society.

# Quality Policy

Committed to nurture trained professional manpower, competent and responsive to the challenges of a dynamic and vibrant society.

# PHILOSOPHY

We believe that : Health is a state of well-being that enables a person to lead a psychologically, socially and economically productive life. Health is a right of all the people. Individuals, families and communities have a responsibility towards maintaining their health. Nursing contributes to the health services in a vital and significant way in the health care delivery system. It recognizes national health goals and is committed to participate in the implementation of National Health policies and programs. It aims at identifying health needs of the people, planning and providing quality care in collaboration with other health professionals and community groups. Scope of nursing practice encompasses provision of promotive, preventive, curative and rehabilitative aspects of care to people across their life span in wide variety of health care settings. Practice of nursing is based upon application of basic concepts and principles derived from the physical, biological and behavioral sciences, medicine and nursing.

Nursing is based on values of caring and aims to help individuals to attain independence in self care. It necessitates development of compassion and understanding of human behavior among its practitioners to provide care with respect and dignity and protect the rights of individuals and groups. Undergraduate nursing program is broad based education within an academic framework specifically directed to the development of critical thinking skills, competencies and standards required for practice of professionals nursing and midwifery as envisaged in National Health Policy 2002. The teachers have the responsibility to be role models and create learning environment that enables students to acquire inquiry driven, self directed learning and foster an attitude of lifelong learning. Under graduate nursing education program prepares its graduates to become exemplary citizen by adhering to code of ethics and professional conduct at all times in fulfilling personal, social and professional obligations so as to respond to national aspirations.

# AIMS AND OBJECTIVES OF THE INSTITUTE

- ✧ To provide an education programme through which the graduates will be prepared to assume responsibility in the primary, secondary and tertiary care people as professional nurse.
- ✧ To prepare graduates as capable of teaching and supervising in appropriate nursing and health care setting and participate in the administration of nursing services and education.
- ✧ To ensure that the nurse achieve an all round development so that she is able to meet the needs of the individual, family, community and society, thus make herself an asset to society.
- ✧ To promote teaching and learning process in the classroom as well as in the clinical area through appropriate supervision and ongoing evaluation based on well defined criteria.
- ✧ To assist and coordinate with other members of multi disciplinary team in prevention of diseases and promotion of health in the hospital and community.

# FACILITIES

## CAMPUS :-

The college is having a multi-storied spacious building at its permanent campus at Harnora (Koldam) Bilaspur to meet the needs for all instructional-cum-administrative activities. The building houses lecture rooms, tutorial rooms, workshop, laboratories, library-cum-reading room, drawing hall, examination hall, computer center, seminar hall, girl's common room & administrative offices.

## CLASSROOM :-

Our classrooms seats up to 40 and is quite spacious, well ventilated and comfortable seating arrangements, ideally suited for high-caliber academic work. College has provided modern teaching, learning facilities abreast with modern teaching, learning technologies which are needed for the sound education & practice in the nursing profession. Well equipped classrooms to provide world class education to the students with all advanced audio-visual aids & supportive learning environment.

## LIBRARY :-

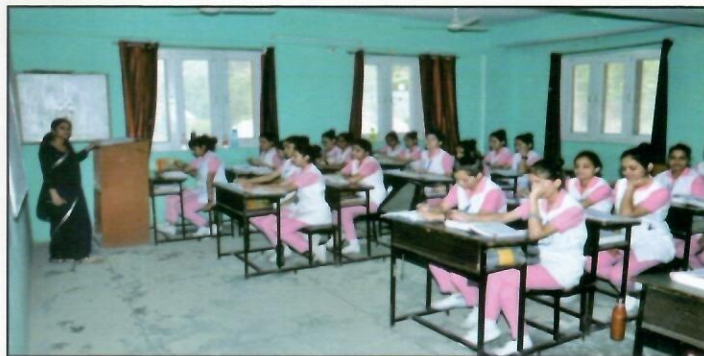

"Books are keys to Wisdom's Treasure, Books are friends, come, let us Read". To support the academic requirements of the faculty & students, the college has a well stocked library with the latest addition of Nursing & General Books. It has also regular subscription of National & International Journals & Magazines. The library is continuously in the process to acquire text books & reference books, to keep its reader abreast with the latest information. The library of the institute aims to facilitate academic & research activities of the faculty & students by providing timely information & resource through cost effective means.

## LABORATORIES :-

Nursing foundation lab :- This lab consists of modern equipments & dummies for the demonstration of nursing procedure. Lb is well equipped with all the articles required for various nursing procedures, so that student nurses can learn the procedures on manikins before doing them on patients in the hospital.

## COMMUNITY HEALTH NURSING LAB :-

This lab is equipped with artificial rural & urban setting in which the student will learn about Indian rural & urban community & their problems. This lab is well equipped with articles for preparing student nurses to work in urban and rural communities. It has bags containing all the articles for community health nurses to perform various procedures during their home visits.

### **MATERNITY & CHILD HEALTH NURSING LAB**

This lab help the student to demonstrate about normal & abnormal labor/delivery & child. Maternal and Child lab has beds with manikins and bedside cradles with new born dummies. There is a pediatric bed with a child dummy. It also has a delivery table and dummies for demonstration of labor. MCH lab is well equipped with various models for teaching students about stages of pregnancy.

### **NUTRITION LAB**

This lab is well furnished & equipped with cooking facilities where the students learn preparation of various therapeutic & normal diets. Nutrition lab is well equipped with all kitchen articles for preparing and serving special diets to cater to the needs of patients suffering from Diabetes, Hypertension, Jaundice or Renal failure.

### **AUDIO VISUAL AID LAB**

This lab is equipped with high tech educational media to support the teaching learning activities of the nursing students. It has Multimedia projectors, over head projector, Slide projectors. There are flip charts, posters and transparencies on various topics related to nursing.

### **ANATOMY LAB**

This lab has models on each body system. And articulated and disarticulated skeletons.

### **COMPUTER LAB**

This Lab consists of latest computer with broad band facility that will help the students to get the latest information regarding diseases, treatment & their nursing care. The computer lab is spacious and well-planned with the latest hi-tech configuration of hardware and software. A computer lab has internet facility also.

### **TRANSPORTATION**

Kol Valley Institute of Nursing has its own buses for picking up the students and staff from college to various destinations like Hospitals, Community centers, location of seminars, workshop or meetings etc. In addition to that Institute has light vehicles to provide quick conveyance to sick students to hospital when ever required.

### **OTHER FACILITIES:-**

#### **Clinical facilities**

Clinical training is an integral part of the course and is imparted in leading and designated Hospitals of repute as approved by the State Govt. and we also have all kinds of laboratories where the students

demonstrate before placing for clinical training. College is attached with 270 bedded-Zonal Hospital, Bilaspur.

### **Vacation**

Vacations are planned according to the INC rules. If the students are unable to return on time due to illness the Principal should be intimated immediately by telephone/email followed by a written explanation. On the return, they should submit a medical certificate issued by a registered medical practitioner stating full particulars of their illness and treatment. Normally, no other leave will be granted except the planned vacations. Students are not granted leave for social events in the family.

### **Extracurricular activities**

In view of the main aim of education as the total deployment of the person, a number of opportunities are provided for the students to develop their skills and talents at various levels, through membership to the student and trained nurses associations and participation at local, state and national conferences and scientific exhibitions which promote leadership potentialities in the students. Beside these, opportunities to develop in music, dance, indoor and outdoor games and sports also provided.

### **Academic Progress and Clinical Evaluation:-**

All students are expected maintain high academic and clinical stranded of performance through out the course. To this effect regular class tests are conducted every month and three sessional exam are also conducted, the average of these sessional exam are taken as the internal assessment marks which holds outmost importance in the final examination. Students who are repeatedly found not showing progress in the individual attention for improvement.

### **Examination**

Final examination which includes theory and practical is conducted at the end of session.

### **Hostel**

Hostel is the home for all the students who are living away from their homes. Our nursing students are housed in a secure separate girl's hostel. This makes the hostel an indispensable part of college infrastructure. The hostel is situated in the college premises. It is well furnished with modern amenities, Hygienic Mess, 24X7 water Supply & electricity. It is like home away from home form the students. Hostels have spacious furnished rooms. The constant presence of student-friendly wardens for guidance and counseling is a source of inspiration for the students who are away from parental guidance and support system.

# RAGGING

## RULES AND REGULATIONS ANTI RAGGING :-

### What is Ragging

Ragging is totally prohibited in Kol Valley institute of nursing inside and outside the campus and anyone found guilty of ragging and abetting ragging whether actively or passively, or being a part of conspiracy to promote ragging, is liable to be punished under the provisions of any penal law for the time being in force.

- Ragging has several aspects with among others psychological, social, political, economic, cultural & academic dimensions.
- Any act that prevents, disrupts or disturbs the regular academic activity of a student should be considered within the academic related aspects of ragging, similarly exploiting the services of a junior students for complicating the academic related ragging prevalent in many institution particularly in the technical institutions.
- Any act of financial extortion or forceful expenditure burden put on a junior student by a senior student should be considered an aspect of ragging for economic dimensions.
- Any act of physical abuse variants in sexual abuse, homosexual assaults, stripping, forceful and lewd act, gestural, causing bodily harm or any other danger to health or person can be put in category of ragging with criminal dimensions.
- Any act of abuse by spoken words, emails, snail-mails, blogs, public insults should be considered within psychological aspect of ragging. Any act that affects the mental health & self confidence of student also can be described in term of psychological aspects of ragging.
- The human rights perspective of ragging involves the injury caused to the fundamental rights to human dignity through humiliation heaped on junior students by seniors, often resulting in the extreme steps of suicide by the victims.

### Action in Event of Ragging :-

1. The institution shall punish a student found guilty of ragging after following the procedures and in the manner prescribed here in under :
2. The anti-ragging committee of the institution shall take an appropriate decision, in regard to punishment or otherwise depending on the facts of each incident of ragging and nature and gravity of the incident of ragging established in the recommendations of the anti-ragging squad.

The anti-ragging committee may depending on the nature and gravity of the guilt established by the anti-ragging squad, award, to those found guilty, one or more of the following punishments, namely

- (a) Suspension from attending classes and academic privileges
- (b) Withholding / withdrawing scholarship / fellowship and other benefits
- (c) Debarring from appearing in any test/examination or other evaluation process
- (d) Withholding results
- (e) Debarring from representing the institution in any regional , national or international meet, tournament ,youth festival etc.
- (f) Suspension / expulsion from the hostel
- (g) Cancellation of admission
- (h) Rustication from the institution for period ranging from one to four semesters
- (i) Expulsion from the institution and consequent debarring from admission to any other institution for a specified period. Provided that where the persons committing or abetting the act of ragging are not identified, the institution shall resort to collective punishment.

An appeal against the order of punishment by the anti- ragging committee shall lie, (i) in case of an order of an institution, affiliated to or constituent part, of a university, to the vice-chancellor of the university. (ii) in case of an order of a university, to its chancellor (iii) in case of an institution of national importance created by an act of Parliament, to the chairmen or chancellor of the institution, as the case may be.

Where in the opinion of the appointing authority, a lapse is attributable to any member of the faculty or staff of the institution, in the matter of reporting or taking prompt action to prevent an incident of ragging or who display an apathetic or insensitive attitude towards complaints of ragging, or who fail to take timely steps, whether required under these regulations or otherwise, to prevent an incident or incidents of ragging, then such authority shall initiate departmental disciplinary action , in accordance with the prescribed procedure of the institution, against such member of the faculty or staff, Provided that where such lapse is attributable to the Head of the institution, the authority designated to appoint such Head shall take such departmental disciplinary action and such action shall be without prejudice to any action that may be taken under the penal laws for abetment of ragging for failure to take timely steps in the prevention of ragging or punishing any student found guilty of ragging.
